

tank 200

CONTINUOUS MIXER

Equipped with a pedal or button controlled screw pump for the extraction of chocolate

The pump reverses its direction of rotation at the end of each working cycle to clean the tubing

This machine can be ordered with the pump emission point at the front, right or left

Option to modify to three phase 220 V - 50/60 Hz

System sensor on request

Entirely built in stainless steel AISI 304. The mixer can be operated in a continuous or intermittent mode with programmable temperatures and timed mixing. The heating of the tank and of the exit conduit are separately thermoregulated. Integrated pump for the supply of the relevant machines.

Technical data

Electrical specification: 400 V three phase 50 Hz

Power required: 4,5 Kw - 16 A - 5 poles

Capacity: 200 Kg

Dimensions: h. 1250 mm, w. 970 mm, d. 1050 mm
